

IRC Commands Overview

This page lists all major IRC commands used across the TransIRC network, including identity registration, Ergo features, and Spectrum bot utilities.

NickServ Commands

These commands help you register and authenticate with NickServ.

- **Register your nickname**

```
/msg NickServ REGISTER <password>
```

- **Identify yourself**

```
/msg NickServ IDENTIFY <password>
```

Ergo-Specific Features

These features are specific to the Ergo IRC server used on TransIRC.

- **Always-On Clients**

Stay connected even after disconnects. To enable this, use:

```
<code>/msg NickServ set always-on true</code>
```

- **Server-Side History**

Ergo stores your missed messages and replays them when you reconnect. By default, the server replays the last 500 lines of history when you rejoin a channel.

- Enable auto-replay of missed messages:

```
/msg NickServ set autoreplay-missed true
```

- Set a specific number of lines to replay on join:

```
/msg NickServ set autoreplay-lines 25
```

- Manually request missed messages:

```
/history #channel 1h
```

- **Device Awareness**

Ergo supports tracking devices individually to avoid duplicate messages. Add

```
@device
```

to your SASL username, ident, or PASS string to identify each device uniquely.

▣ Spectrum Bot Commands

These commands are available via the community bot in most public channels.

- **Set or update your pronouns**

```
!pronouns
```

- **Check someone's pronouns**

```
!pronouns <nick>
```

- **Report a user to the admins**

```
!report <nick> <reason>
```

Includes last 10 lines of channel context.

- **List available bot commands**

```
!help
```

- **View the rules**

```
!rules
```

- **Thank a user**

```
!thank <nick>
```

Gives 1 karma (once per hour).

- **Check a user's karma**

```
!karma <nick>
```

- **View the karma leaderboard**

```
!karma top
```

- **See when a user was last active**

```
!seen <nick>
```

- **Enable seen tracking for yourself**

```
!seen enable
```

- **Disable seen tracking for yourself**

```
!seen disable
```

- **Submit a quote to the quote bin**

```
!quote <your quote here>
```

Quotes are reviewed before being posted.

- **Submit a euphoric moment anonymously**

```
!euphoria <your moment here>
```

Moments are reviewed before being posted.

- **Request backdoor access details**

```
!backdoor
```

Available only to registered users after 48 hours.
